

STOP WATER INTRUSION

BEFORE IT STARTS

**PERMIAN
O.P.S.**

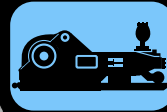

Are you tired of your oil
looking like this?

Fast Installation

Installing ROD ARMOR takes just 5 minutes per rod. And no ongoing maintenance means set it and forget it.

Keep Dirt & Water Out

ROD ARMOR keeps contaminants out of your oil.

Save Clipper Seals

By keeping contaminants off the rod, clipper seals last up to 6x longer.

Reduce Equipment Wear

Stop contaminants before they ever reach the seals.

**ROD ARMOR + FlowGuard = fewer
breakdowns, less downtime.**
